Members Guide 2027

affinityesports.gg | (203) 290-1656 | 27 Glen Road, Fourth Floor, Sandy Hook, CT 06482

Membership is how families who are with us all year pay less for everything they already do, and get the extras that make the studio theirs: camp care, the Minecraft servers, Member events and a guest pass every month.

One Membership, one price

One plan, billed once a year. The first Member in a household is $360, and each added household member is $180. Monthly billing is retired for 2027. The yearly rate has not changed.

The first Member	Each added household member
$360 a year	**$180** a year

One Membership covers Newtown, Milford and our online programs. We keep the number of Memberships limited so the studios stay comfortable for the families who hold one.

Everything it includes

20% off every program

The Member rate is 20% off the listed price of everything we run. It applies each time you register, as often as you like, for every Member in the household.

Camp care included

Before-care and after-care are included for Members at every camp, one hour before the camp day starts and one hour after it ends. Add it when you register for the camp; a Member is never charged for it.

Both Minecraft servers

Members ages 18 and under play on both Affinity Minecraft servers from home at no cost. The servers are moderated by our team, with the same rules as the studio.

Member-exclusive events

Member events are open to Members only. Watch your email and the Members areas of our Discord for the next one.

A guest pass every month

Once a month a Member can bring a friend who is not a Member.

Members-only Discord

Join our Discord and ask for the Member role. Discord is for ages 13 and up; parents manage the account for younger Members.

Open Hours at no cost

Open Hours are the windows when a studio is already staffed and open for drop-in play. When a season has them, Members book each visit at no cost.

How it pays for itself

The Membership is $360 for the year. Here is what a Member saves on real 2027 prices.
